

MAINE EMS FOR CHILDREN

PEDIATRIC CEH EMSC DAY – MAY 24

EMS Week is a national celebration of the efforts, talents, and dedication of EMS clinicians across the country. Each day of EMS week has a particular "theme" and Wednesday, May 24 is designated "EMSC Day" across the US.

The Maine EMSC program is pleased to share 3 opportunities for learning on this day and hope you can join and participate.

All classes offer CEH, are free, and are remote video based to allow statewide access.

The 9am and 10am classes do not require preregistration, and use the same zoom link below
